

Master of Physical Therapy Program

The Master of Physical Therapy (MPT) degree is awarded upon successful completion of a two-year curriculum which includes **60 weeks of classroom/laboratory work** and **30 weeks of clinical experience**. The program prepares students to function as entry-level physical therapists in the most common practice settings. Each year of the curriculum is divided into three terms. MPT students are enrolled in a predetermined curriculum (outlined below) and must complete all course requirements in order to graduate.

1. MPT 1st Year Course (Terms 1, 2, 3)
